**LOCATION:** Los Encinos SHP

**DESCRIPTION OF THE NATURE AND PURPOSE OF PROJECT:**

The restaurant next to the south end of Los Encinos has a concession agreement with DPR for the use of the park area immediately west of their western boundary fence. The restaurant patrons look out over the pond. The owner would like to replace the chain-link fence around the pond with a wrought iron fence of similar dimensions, for aesthetics reasons. This NOE approves the replacement. No excavations will occur. The existing posts will remain and wrought iron sleeves will be installed around them. The rails will then be connected to the posts.

DPR-approved standard project requirements have been incorporated into this project. A copy of these requirements may be obtained by submitting a request to the project Environmental Coordinator listed below.
